H. Y. STILLMAN IS NEW COUNCILMAN

Gentleman Who Was Defeated in Recent
Election Is Elected by the Council
to Succeed E. G. Harris.

Howard Y. Stillman was last night elected as a member of the City Council to fill the vacancy caused by the recent resignation of Edward G. Harris.

Alderman Foye placed in nomination the name of W. B. Chittenden and Alderman Carroll nominated Mr. Stillman. The vote stood 2 to 2. Then President Seaman voted in order to break the tie and Mr. Stillman was declared elected. The new alderman was on the platform of the City Hall. He immediately went inside, when he was sworn in and assumed office.

President Seaman, before the election, stated that in conversation with Mr. Chittenden in the afternoon, that gentleman said that he would rather have Mr. Stillman elected to the place than accept the office himself. Mr. Stillman was a candidate for the office in the recent municipal election, but was defeated.

Mayor Greene appointed E. L. Smith, marshal; J. N. Roberts, sanitary officer and policeman; S. P. Singleton, police in Waycross; Gad Taylor, police in Midway. The council then went into executive session and remained behind closed doors for over one hour. The appointments were confirmed. James Rix was elected street commissioner for another term. He was recommended by the mayor.

Dr. E. L. Stewart was elected City Physician to succeed Dr. H. H. Seelye. C. H. Spencer was elected City Attorney.

Behind closed doors a communication

was read from the Law and Order League, which is as follows:

To the Common Council, City of Daytona:

Gentlemen: At a meeting of the Law and Order League held this afternoon, resolutions were adopted as follows: Resolved (1st), That we commend the action of Marshal Zuber in making a raid on the St. Regis Club, and greatly deplore the fact that our Mayor refused to act in the matter.

Resolved (2nd), That we request your honorable body to investigate the above mentioned conduct of the Mayor, and ascertain whether or not he acted in conformity to your municipal law.

Resolved (3rd), That we recommend the appointment of Mr. Zuber as Chief Marshal of the City of Daytona.

By order of the Law and Order League,
F. M. DOWLIN,
Secretary.

Alderman Stillman stated that he thought that the Law and Order League should have a hearing at some early date, and he suggested that they be given the privilege to speak before the Council at the next regular meeting. President Seaman said that the next meeting of the Council would be largely taken up with other matters, and he did not see how they could hear the Law and Order League on this occasion. He asked Alderman Stillman to make another motion, but this he refused to do. A vote was taken on hearing the League at the next regular meeting, which passed.

THE UNIVERSITY GETS NOTHING.

Stetson's Estate Goes to Family.—Widow
to Receive \$20,000 Per Annum and
DeLand Property.

Considerable interest has been shown in various parts of Florida concerning the provisions of the will of the late John B. Stetson, founder of the John B. Stetson University at DeLand. The will has been filed for probate in Pennsylvania, and it provides nothing for the University.

Mr. Stetson's widow, Sarah E. Stetson, is to receive all the household furniture, horses, cattle, carriages, etc., used at his residence in Montgomery County, and at DeLand, Florida; she also has the use of these properties during life. His son, John B. Stetson, Jr., in case of marriage, is given full use of the Cox property; and like privilege is given to his son, G. Henry Stetson, under similar conditions.

To his friends, Paul M. Elsassner and J. Howell Cummings, he gives one-third of his estate, real and personal, in trust, the net income of which is to be paid to his widow; and after her death the same is to be paid to her surviving children. The executors, Messrs. Elsassner and Cummings, are to receive \$50,000, in trust, and his house, No. 1728 North Sixteenth Street, Philadelphia, in which his stepdaughter, Florence Crawford, shall be permitted to reside; the net income of the same is to be her's during life, and held in trust for her children after her death.

To Mrs. Caroline Johnson and to Mrs. Sarah J. Vanalts, each \$500 per annum, payments quarterly.

To Kate Leonard, his niece, daughter of his deceased sister, Martha Ann Leonard.

Minstrels Tonight.

The climax of all tented amusements, A. G. Allen's Big Original New Orleans Colored Minstrels, will appear here tonight under canvas. The company includes some of the best singers, dancers, cack-walkers and colored specialty artists known among the colored race. This is the first minstrel show in the United States to appear under canvas. Mr. Allen is the originator of the idea and has succeeded in getting together a musical organization of such a size and magnitude that would be impossible to be produced in an opera house. A large tent has been erected on a lot near the depot.

PRESIDENT PAINE IS REELECTED.

Annual Meeting of Florida East Coast
Automobile Association.—Park-
inson Elected Secretary.

The annual meeting of the Florida East Coast Automobile Association was held at the Club House Monday evening. Never since the organization of the association was there a larger attendance—75 members being present.

Asa Paine was reelected president by a unanimous vote.

Geo. E. Sebring was elected first vice-president, and S. H. Gove second vice-president.

The principal contest during the evening was between John B. Parkinson and H. G. Hummell, candidates for secretary. Parkinson was elected by one vote—the vote standing 37 to 38.

F. X. Conrad was reelected treasurer. Six directors were elected as follows: Geo. E. Sebring, J. H. Allen, J. G. Brown, S. H. Gove, N. A. Lewis and Geo. H. Clark.

"The Beggar Prince."

Manager Osborn announces that after considerable negotiation he has closed contracts with the management of "The Beggar Prince" opera for an appearance at Daytona, on Friday, March 2, for one night only.

This engagement Mr. Osborn considers the most notable in the amusement line that he has effected in some time, the company requiring a large guarantee for one performance. The piece is built on operatic lines enacted by performers who are truly gifted—being vocalists, farceurs, and possessing dramatic ability as well—"The Beggar Prince" this season being composed of these three entertaining elements. This edition has been edited by Wm. H. Lydell, author of "Gayest Manhattan" and other New York Travesty Successes. The company is headed by Miss Etta Merris, soprano and comedienne, well and favorably known to patrons of light opera, for the past seven seasons having had the responsible roles in numerous musical reviews of importance.

DAYTONA'S TRUCK FARMS.

Owners of Truck Farms in Daytona
and Vicinity are Making a Great
Success of Gardening.

Under a Daytona date line appears the following in the New York Packer, which will be of interest to our readers. This is one of Florida's most prominent resort towns, and it is very popular with the winter tourist, and so far it has not done much in the produce line. While the country is fine for trucking, there has been but little development along this line. However, there are four fine truck farms here, and their owners are making great success of their efforts.

These growers are: R. W. Rawlins, who owns the Bon Air farm, and is also the proprietor of the Daytona creamery; F. Brubaker, who has ten acres of truck and four acres of excellent peach orchard; J. W. Ball & Son, who have twelve acres of splendid garden, largely lettuce and W. H. Cameron, who owns twelve acres of fine truck.

The gardening here is varied, and all kinds of vegetables can be grown at a profit. The crop this season is looking good, and a great deal of stuff has already been sent to market. These growers have sold a great deal of lettuce, and they are feeling good, for they have realized good prices.

Lincoln J. Carter, the well known playwright, arrived a few days ago and is enjoying the hospitality of The Colonnades.

The many friends of Captain C. H. Spencer will regret to learn that he is sinking fast. Captain Spencer has been ill for a long period.

Mr. and Mrs. H. B. Schmidt, of Cincinnati, Ohio, accompanied by their two interesting children are making their home at The Colonnades.

Mrs. Leo Rich and Mrs. Ben Meyers, of Birmingham, Mrs. Marshall and daughter, of Providence, and the Misses Dexter, of Valley Falls, R. I., are among those being entertained at the New Seaside Inn, Daytona Beach.

A Poem for Today

A DEATH BED

By James Aldrich

JAMES ALDRICH was born in Suffolk county, New York, in 1810. He died in 1884. He early took up a mercantile career, but at twenty-six abandoned business for literature. In 1840 he established the Literary Gazette. Poe pointed out the striking resemblance of this poem to one by Hood on the same subject—namely, "The Death Bed."

HER suffering ended with the day,
Yet lived she at its close
And breathed the long, long night away
In statue-like repose.

But when the sun in all his state
Illumed the eastern skies,
She passed through glory's morning gate
And walked in paradise!

Colonnades Ball.

The opening ball of the Hotel Colonnades will be held Thursday evening. The management is making great preparations for the most enjoyable social event of the season and no doubt their efforts will be crowned with success. The invitations to the function have not yet been issued.

A Poem for Today

DREAMING OF HOME

By Eugene Field

It comes to me often in silence,
When the freight sputters low,
When the black, uncertain shadows
Seem wreaths of long ago;
Always with a throb of heartache
That thrills each pulse vein
Comes the old, ungodly longing
For the peace of home again.

When I go home again! There's music
That may never die away,
And it seems the hands of angels
On a mystic harp at play
Have touched with a yearning sadness
On a beautiful broken strain
To which is my fond heart wording—
When I go home again.

Outside of my darkened window
Is the great world's crash and din,
And slowly the autumn shadows
Come drifting, drifting in;
Sobbing, the night wind murmurs
To the sighs of the autumn rain,
But I dream of the glorious greetings
When I go home again.

no doubt, excite considerable attention.
The sale of tickets has been very large.

Died.

Mrs. Geraldine A. Hatch, aged 55
years, wife of Arthur E. Hatch, died
this morning at 8 o'clock at the resi-
dence of Mrs. Alice Barker, on Ridgewood
Avenue. The deceased came here last
December for the benefit of her
health, but she grew rapidly worse. The
cause of her demise was Bright's disease.

Mrs. Hatch visited Daytona two years
ago and made quite a number of warm
friends who will be grieved to hear of
her death.

The remains will be shipped Wednes-
day afternoon to Cleveland, where the
interment will take place.

Caused Disturbance.

A Port Orange lady is at the home of
a friend in this city, suffering from the
effects of a fall from her buggy, which
was occasioned by the appearance of a
rat in the vehicle. Two ladies came up
one day last week on a visit and when
they started to depart for home the lady
whom they were visiting volunteered to
unfasten the animal and at this instant
the rat made some commotion, and his
appearance in the bottom of the buggy,
and the result was that both ladies be-
came desperately frightened, one of
them falling out and severely bruising a
limb.

Fear Centralization.

The big guns at Washington seem to
 be getting worried over the tendency to
 centralize power in the hands of the fed-
 eral government. They argue that if
 this tendency to give every sort of
 power to government departments, com-
 missions or bureaus keeps up, it will not
 be long before the government runs the
 people instead of the people running the
 government.

"If the Federal government continues
 to centralize," said Speaker Cannon in a
 speech the other day, "we shall soon
 find that we have a vast bureaucratic
 government which will prove inefficient,
 if not corrupt." And Mr. Cannon is
 not the sort of a man to worry without
 cause.

Representative McCall, of Massachu-
 setts, said just about the same thing
 when arguing against the Hepburn rate
 bill. "At the rate we are now moving,"
 he said, "it will not be long before we
 regulate everything and everybody from
 Washington. You cannot govern the
 whole universe from a single point and
 have a shred of liberty survive."

This remark was called forth by the
 proposition in the Hepburn bill to let
 the Interstate Commerce Commission
 have complete power in making rates,
 so that not even the courts could not re-
 view their acts, except to decide whether
 they were confiscatory. Senator Lodge
 made the same point when he said, "I
 am not yet ready to substitute an ex-
 ecutive commission for the courts of the
 United States."

These lately expressed views as well
 as many others show that a good many
 people are beginning to realize that a
 rate making commission might be a
 dangerous thing unless the courts are
 given the right to prevent a misuse of
 power through a judicial review.

Storm Warning.

A telegram was received from the
 Weather Bureau at Washington this
 morning as follows: "Hoist northeast
 storm warning 10:10 a. m. Severe storm
 over North Carolina moving east; high

DAYTONA AND ITS ATTRACTIONS.

DAYTONA is situated upon the west bank of the Halifax River at its widest expanse and midway between its source at Bulow Bay and its outlet at Mosquito Inlet. It is in latitude 28, seventy-four miles from St. Augustine and one mile from the Atlantic Ocean, and is acknowledged to be without a rival for beauty among the villages of the South. Its site is upon what is known as high hammock land that was crowned by nature with a most royal growth of majestic forest trees, and among these trees is the town of to-day, with its beautiful cottages and well-graded walks and streets. The result is that all along the wide avenues that intersect the town are lovely live and water oaks and hickories, many of them draped with graceful festoons of the gray Spanish moss, that overarch the street and walks, and among these are interspersed tall tropical palmettos, glossy-leaved magnolias, fragrant bays and corn-berried holly, and many other varieties, while in many places the wild grape, the trumpet vine and the amplexifolius climb and cling among the branches forming shady bowers and adding grace and beauty.

The town lies parallel with the Halifax River, and extends for nearly two miles along the shore. This river is the delight of the angler and the yachtsman and forms one of the town's greatest attractions.

The main avenues that run parallel with or intersect the river are all 100 feet wide, except Beach street, which is about sixty-five feet, but has a half-mile of open, beautiful water abutting upon its eastern side, where the salt waves ebb and flow and along and across which comes the cooling, invigorating and health-giving breezes from off the wide Atlantic, which temper and render the Halifax climate one of the most perfect in the world. Daytona has many miles of well-graded, marled and shelled roads and streets, rendering it the

Wheelman's Paradise
and added to these, but a mile away, are thirty miles of smooth, hard beach, that affords an unrivalled course for long-distance cycling and driving or automobile racing. No town of equal size, North or South, numbers so many wheelmen, and cycling is a favorite pastime with the tourists summer and winter.

The Beautiful Cottages
that have been erected during the past years and are being built are rendering Daytona as famous for its fine homes as for its beautiful river, trees and avenues, and they are adding yearly to its attractions.

Not the least of these attractions to those securing homes in the South, and ranking second only to healthfulness and perfection of climate, is the fact that its population is chiefly composed of cultivated and intelligent people, accustomed to the refinements of home and social life. Added to these features are good churches, good public and private schools, stores, hotels, laundry, meat markets, novelty works, an opera house, electric lights for street and house illumination, a good telephone system, ice factory, Lily Water Works, and hot and cold baths, etc., and everything else can be procured that is necessary to make life comfortable. An important feature in the healthfulness of this town is the

Water Supply
which is derived from numerous flowing wells, of which there are probably 800 in the corporate limits. This flow is secured by boring wells to the depth of from 80 to 120 feet, passing through several strata of rock, and this depth assures purity from all surface contamination. The water is slightly impregnated with magnesium

and iron, and holds sulphur in the shape of gas, which soon passes away. The Population of Daytona proper is about 1,800. Added to this is a suburban population on main shore and peninsula of about 1,000 at Kingston, Blake, Old Seabreeze or Goodall, Seabreeze and Silver Beach which are properly a part of the town and population.

Daytona Beach
lies one mile east of the town. It is approached by three good bridges over the river and well-graded avenues, and is the principal summer resort south of St. Augustine. It has more tourists during the summer than all other places south of that city combined, and is also becoming a favorite winter resort. The beach is wide, firm and smooth, by many considered the finest in the world, and the surf bathing is safe and excellent summer and winter. People who have tried Northern and Western summer resorts declare that there are none so perfect as Daytona beach.

Automobile Race Meet.
The Florida East Coast Automobile Association conducts an annual race meet on the beach, which has now a universal reputation as the greatest automobile race course in the world. The Daytona-Ormond Beach is hard as macadam, and an ideal stretch of thirty or more miles without a break makes it the natural racing ground for America.

At low tide the beach is bare for 300 feet and neither carriage wheel, bicycle or pedestrian can make a barely visible imprint on the smooth and well-packed sand. It is no uncommon sight to see sail-rigged bicycles speeding with the velocity of the wind before a stiff breeze along the smooth beach, thus affording the most exhilarating sport known to man. Besides these, miles of hard-shelled palm-fringed boulevards bring the lovers of the wheel and vehicles into direct touch with the mainland over the broad bridges which span the splendid Halifax River.

The beach from the sandy bluffs to the lowest point at ebbside, measures about 500 feet, and the average depth of the surf measures about two feet. A continuous gentle swell rolls in from the ocean from one to two feet in depth under normal conditions, making the beach an attractive and absolutely safe place for surf-bathing. Here the infant as well as the gray-haired veteran of many summers, can safely enjoy the luxury of a sea bath throughout the larger part of the year while the strong and expert swimmer can venture out further to test his strength and skill in battling with the inexhaustible powers of the mighty ocean.

The Peninsula
lying between river and ocean is one half mile wide, and is being rapidly improved, and there are many fine cottages and several good hotels, an opera house, two ocean piers, beach pavilion and a large casino.

A Remarkable Feature

at Daytona has been the yearly improvement in the style and value of the buildings that are being erected for homes. Men of capital of the North and West have become attracted to its advantages for winter residences, and valuable lots are being purchased and costly houses, beautiful in design and finish, are being erected, and beautiful homes, the abodes of wealth and culture are multiplying. Seabreeze (City Beautiful) and Goodall are settlements on the Ocean side of the peninsula across the Halifax River from Daytona. At the foot of Ocean Boulevard, Seabreeze, a pier reaches 600 feet across the beach into the swelling surf of the ocean. This pier is a favorite resort of those who delight in the sport of fishing. The surf here abounds in trout, pompano, yellowtail, cavalla, whiting, drum, sheepshead and many other varieties of edible fish. During the fall season the famous sea bass affords royal sport, and it has been no uncommon occurrence to land a thousand pounds of this gamey fish in an afternoon. Individuals of them ranging from fifteen to thirty-five pounds in weight. Not only does the ocean offer this splendid sport but the Halifax River, only half a mile back of the ocean, is equally famous for its fine fishing and the varieties that abound in the ocean are present in the river. Hunting and fishing good. Experienced guides and dogs may be had at reasonable prices.

IF I HAD ONLY KNOWN

So said a woman a few days ago after she had paid \$3.00 for a pair of shoes at a certain store and then accompanied a friend here who bought a pair for \$2.50.

If I had only known!

Of course this woman will know better hereafter and will come to our store for her shoes.

How is it with you Madam? Have you been here and made a shoe saving besides getting excellent shoes.
